

## Traffic cone with halogen lamp DKH-75

Traffic cone with lamp for quick highlighting of an obstacle in traffic (accident, parked vehicle) or current situation in traffic.

- > **halogen lamp** ø200mm **EN 12352 L8M**
- > the lamp is placed on a **75 cm high traffic cone**
- > a handle enables to carry the traffic cone easily
- > electronics automatically reduce luminous intensity at night
- > moreover, the electronics include reverse polarity protection and protect the battery from deep discharge
- > **the cone includes a battery placed inside** and a recharging connector to connect the charger (the charger is not a part of the delivery of the traffic cone with lamp)
- > **the battery is recharged via connector without having to be removed from the cone**
