

Light arrow SS13 LED with frame

Light arrow is a signalling device used for maintenance vehicles, gritters, road sweepers, marking vehicles and trailers, or it can be used for indicating road works and the direction of its drive-around. This light arrow is also described as **Light arrow and cross type B**, warning arrow or signalling arrow. The light arrow can be supplemented by two warning lamps or beacons of different types to improve the warning effect.

- > **13 LED lamps ø200mm EN 12352 L8H**
- > electronics automatically reduce lamp luminous intensity at night and includes reverse polarity protection
- > moreover, the electronics protect the battery from deep discharge by disconnecting the light arrow symbols and possibly also the upper warning lamps depending on the current battery status
- > **remote control with 15m cable** for control and optical check of the function modes
- > the light arrow has the following modes: arrow to the left, arrow to the right and cross
- > all operational information are clearly displayed on the remote control
- > **standard 10m power supply cable** to be installed on the vehicle (upon request, 4m power supply cable with battery clips)
- > light arrow can easily be attached to a profile with a maximal width 40mm
- > two warning lamps or beacons of different types can be added to the light arrow to improve the warning effect to improve the warning effect

Technical data for consumption refer to the light arrow only.

TECHNICAL DATA

Power supply	12/24V=
Current consumption 12V=	day 1,0A night 0,4A
Average consumption 12V=	16,4Ah / 24 hours
Current consumption 24V=	day 0,55A night 0,23A
Average consumption 24V=	9,2Ah / 24 hours
Flashing frequency	60/min.
Dimensions (WxHxL)	1370x1445x171mm
Weight	22,9kg

THE LIGHT ARROW SS 15 HAS A MORE VISIBLE SYMBOL OF CROSS CONSISTING OF 9 LAMPS

PRODUCTS

Order no.	Product name	Quantity
1-120-205020	Light arrow SS13 LED with frame	1 pc.
