

Robust lockable battery box UZA-V/M B

Robust battery box is a strong metal-sheet box protecting the battery and the lamp control unit against weather conditions and theft.

- > **robust metal-sheet lockable battery box**, hot-dip galvanized surface
- > for a battery up to 12V/230Ah and possibly a lamp control unit
- > inner dimensions of the battery box (WxHxL) 710x350x330mm
- > including a padlock and a padlock cover against cutting
- > **reinforced cover, sides and bottom of the battery box**
- > the battery box can be tied to a lamppost or crash barriers by a chain through the handles
- > the bottom of the battery box can be tied to the road by a screw and anchor
